

Call tomorrow at 12:30 MT/1:30 CT

Wirick, Holiday <wirick.holiday@epa.gov>

Tue 3/8/2022 10:58 AM

To: Wax, Peter N. <pwax@nd.gov>

Hi Pete, I hope all is well!

Judy just told me she sent the following draft agenda to Karl last night but didn't cc you. Please let me know if you have any recommended edits to the agenda. I'll send the final agenda out at the end of the day in an updated meeting invitation.

Thanks! Good times...

Date and Time: Wednesday, March 9 at 12:30 (MT)

- Introductions
- History and background on CWA Section 304(a) criteria for mercury.
- Overview of mercury criterion tissue data and studies compiled by EPA's Office of Health and Ecological Criteria Division.
- Discussion of mercury criterion development work in Idaho.
- The potential use of data specific to Idaho to calculate bioaccumulation factors to derive water quality criteria.
- Review any follow up/action items
